### About Delegated Development Permits

Delegated Development Permits are used to ensure that a development is designed and constructed in accordance with a set of guidelines to respond to the streetscape, neighbourhood, and the unique characteristics of a site such as environmental conditions, the topography, or existing landscape. For each Development Permit area, the objectives and guidelines are provided for new development, additions, and renovations in the Guidelines Section of the Official Community Plan (OCP). Delegated Development Permits are assessed based on how well the development complies with the specific guidelines as outlined in the OCP.

### Delegated Development Permits

Section 19.1 of the Development Procedures Bylaw enables delegated approval authority for certain types of Development Permits to the Director of Planning & Development Services, provided that the application complies with certain conditions set out in section 19.7-19.12. Examples of delegated development permit applications include:

- detached secondary suite (coach house)
- duplex areas
- sites with difficult terrain (steep slope) for 3 or fewer units
