COUNCIL REPORT

Date:	June 24, 2024
From:	Janice Hu, Manager, Financial Planning
Subject:	Proposed Fees and Charges Bylaw No. 5334, 2024
File:	08.1610.20/5334.2024

RECOMMENDATION

THAT proposed “Fees and Charges Bylaw No. 5334, 2024” be read a first, second and third time.

1.0 Purpose

This report summarizes the annual review of fees and charges including the establishment of new fee structures, revision of existing fees and elimination of fees that are no longer required.

2.0 Executive Summary

This report addresses the outcomes of a comprehensive review of municipal fees and charges in the District of West Vancouver (“District”), including changes, additions and deletion of fees charged by the municipality. Fees and charges proposed in Fees and Charges Bylaw No. 5334, 2024 reflect adjustments related to the cost of services provided by the District, changes in the nature of certain services (e.g. creation of new options or elimination of obsolete items) and other factors that impact municipal services.

Most of the updates proposed in the new bylaw relate to inflationary adjustments or benchmarking to neighbouring municipalities. Other increases are proposed to realign fees to the actual costs of service provision, either moving from the partial cost recovery to full cost recovery or catching up multi-year increases if the fees were not reevaluated annually.

The District continues to explore new revenue sources to help fund programs and initiatives. Two recent fees – electric vehicle (EV) charging station user fee (implemented June 2023) and destination parks pay parking fee (implemented February 2024) are included in the 2024 budget.

The EV charging station user fee is imposed on users of District-owned EV charging stations, to cover the annual electrical and maintenance costs associated with their operation. Additionally, the net revenue generated from this user fee will be put into the Environmental Reserve Fund for the purpose of expanding and maintaining the electric vehicle charging station network.

The destination parks pay parking Phase I was implemented in February 2024 in the following parks: Lighthouse Park, Whytecliff Park and Whyte Lake Trailhead/Nelson Canyon. As of the end of May, the gross revenue generated from the program reached \$149 thousand, with associated operating expenses and base management fees of \$22 thousand, resulting in \$127 thousand in net revenue. The annualized projection of net revenue is \$500 thousand, and the net revenue will be transferred to a reserve fund and allocated to future capital projects and operating expenditures in these three parks.

3.0 Legislation

Section 194 of the *Community Charter* enables Council, by bylaw, to impose a fee in respect of:

- a) all or part of a service of the municipality,
- b) the use of municipal property, or
- c) the exercise of authority to regulate, prohibit or impose requirements.

4.0 Official Community Plan

Review of the fees and charges is an essential element of the overall financial planning and budgeting process implemented by the District. This process has been conducted in alignment with the Official Community Plan (OCP) as outlined in section 3.1 – financial planning process:

Section 477 of the Act requires that when a proposed OCP is prepared it must be considered in conjunction with the municipality's financial plan. Following adoption, the District's annual planning and budget process would then be conducted in alignment with this plan.

Implementation of proposed Fees and Charges Bylaw No. 5334, 2024 enables the funding of essential services and operational priorities identified in the Official Community Plan, providing fair and equitable allocation of costs to service users.

5.0 Financial Implications

Based on proposed changes to the fees and charges for 2025, it is calculated that there will be incremental revenue of approximately \$262 thousand for the General Fund (excluding Golf and Cemetery). The additional revenue is calculated from the 2024 budget plus an estimate for anticipated revenues from the new proposed fees.

Schedule	Existing Fees	New Fees	Total
A – Development & Permits	\$212,000		\$212,000
C – Licensing	\$37,000		\$37,000
D – Parks, Culture & Community Services		\$5,000	\$5,000
F – Protective Services	\$8,000		\$8,000
Total	\$257,000	\$5,000	\$262,000

6.0 Background

Fees and charges are reviewed and established annually.

6.1 Previous Decisions

There have been several amendments to the current bylaw, Fees and Charges Bylaw No. 5251, 2023, since it was enacted at the beginning of 2024. These amendments have been incorporated into the proposed “Fees and Charges Bylaw No. 5334, 2024”.

At the July 17, 2023 Council meeting, Council passed the following resolution:

THAT proposed “Fees and Charges Bylaw No. 5251, 2023” be adopted.

At the November 20, 2023 Council meeting, Council passed the following resolution:

THAT proposed “Fees and Charges Bylaw No. 5251, 2023, Amendment Bylaw No. 5278, 2023” be adopted.

At the January 29, 2024 Council meeting, Council passed the following resolution:

THAT proposed “Fees and Charges Bylaw No. 5251, 2023, Amendment Bylaw No. 5285, 2024” be adopted.

At the June 17, 2024 Council meeting, Council passed the following resolution:

THAT proposed “Fees and Charges Bylaw No. 5251, 2023, Amendment Bylaw No. 5319, 2024” be adopted.

7.0 Analysis

7.1 Discussion

Fees and charges are the largest non-taxation funding source for services provided by the District of West Vancouver. User fees are established based on the principal of full cost recovery with consideration to the users' ability to pay, program participation objectives, special consideration for youth and seniors and competitive rates in neighbouring municipalities.

The following graph illustrates the past five year's fees and charges collected and the budgeted amount for 2024. In 2019, the year preceding the pandemic, the District collected \$19.7 million in fees. During the COVID-19 pandemic, the provincial health orders (PHOs) restrictions on social distancing and social gathering significantly affected the operations of the District, especially in the community services and cultural areas. The fee revenue decreased by \$7.3 million to \$12.4 million in 2020. In 2021, with the PHOs relaxing its restrictions, facilities reopened, and programs restarted resulting in revenue rebounding closer to pre-pandemic levels at \$16.0 million. The recovery from the pandemic continued, with fee revenue gradually reaching \$18.5 million in 2022 and further to \$20.8 million in 2023.

Fees and Charges - Total Revenue

The 2024 budget for fees and charges revenue is \$19.1 million which is \$1.7 million less than 2023 actual revenue earned. The 2024 budget was developed conservatively ensuring only sustainable levels of fees and charges were included in the base budget.

Approximately 92% or more of the fees and charges revenue is attributable to services provided through these service areas: Parks, Culture & Community Services (PCCS), Planning & Development

Services and Licensing. The table below illustrates annual fees and charges revenue generated by these service areas.

Fees and Charges Revenue by Service Area

In 2020, with the drastic cuts in community centre and cultural programs to abide by PHOs, PCCS fee revenue significantly dropped by \$7.3 million. However, starting from 2021, the District continuously put efforts into reopening the community centres and programs, and revenue increased by \$2.0 million in 2021, \$2.7 million in 2022, and again by \$1.6 million in 2023. For the 2024 budget, services and programs will return to pre-pandemic levels.

Building permit revenues are highly responsive to a range of external factors, including zoning changes, provincial housing policy, and interest rates. In 2021 and the first part of 2022, partially due to the strong housing market and anticipated rezoning bylaw changes, the District saw a surge in permit applications, which brought in an additional \$1.5 million in 2021, followed by another \$0.3 million in 2022 in permit revenues. This influx of applications was only a one-time occurrence. High interest rates dampened construction activities, leading to a decline in building permit revenues in 2023 to \$6.8 million. Taking this effect into account, the 2024 budget was established at \$6.1 million.

The proposed 2024 fee structure reflects the cost of providing services and the principle of allocating costs to users of those services. All changes to fees are detailed in Appendices A, B and C:

- **Appendix A** lists all new fees;
- **Appendix B** lists all changes to user fees;
- **Appendix C** lists all fees proposed for deletion; and

- **Appendix D** is the entire Fees and Charges Bylaw No. 5334, 2024 with all changes incorporated.

Noteworthy additions and changes to the District's fees and charges are outlined below by each schedule in the bylaw.

Schedule A - Development & Permits

In general, proposed fee increases in this schedule are in alignment with other municipalities and to recover costs.

Proposed for 2025, is an increase of 4 to 5% in building, electrical and plumbing permit fees to recover costs.

The development applications require thorough review and evaluation by staff to process each submission. Considerable staff time is dedicated to each application and even more so for large scale, complex projects, which may require Council's considerations. The fees are increased by 4 to 10% to move from partial cost recovery to full cost recovery.

Schedule B – General Administration & Finance

Most of the fees remain unchanged as the fees and charges were reviewed last year. Proposed changes are to align the fees for funds transfer, NSF fees and refunds processing in the Taxes & Utilities Services area to other North Shore municipalities and to ensure fee amount is for recovery of staff time.

Schedule C – Licensing

A 2 to 4% inflationary fee increase is proposed for most fees in this schedule to cover administration costs and staff time. The majority of these fees align with other North Shore municipalities and are for recovery of staff time.

Schedule D – Parks, Culture & Community Services

Community Services

Overall, a 3 to 4% inflationary increase is proposed for the Community Services - Aquatic Centre/Arena/Community Centre admissions, facility rentals and field usage/field rental. Additional 15% overhead allocation are added to the extra fees for facility attendants to capture staffing time for scheduling and supervision. The water charge to Rutledge Field was introduced at a nominal rate to initiate the fee in 2019, the proposed increase of 25% is to keep up with increases in water costs since then.

Golf Course

Market-driven fee increases ranging from 3 to 5% are proposed to offset materials and labour cost escalations for the Gleneagles Golf Course and Ambleside Par 3 Golf Course.

Filming Services

A new fee is proposed for 2025 for film crew parking in parks with pay parking. The fee, Parks with Pay Parking, is proposed at \$200 per section per day. The revenue from this new fee is projected to be \$5,000 annually.

Schedule E - Cemetery

Proposed is an increase of 2 to 4% across most cemetery fees for residents and 12% for non-residents to keep up with cost increases in materials and labour escalations. The fees within the Cemetery revenue model are market-based sales rather than cost recovery. The non-resident fees sales offset costs to residents so that residents are subsidized while maintaining a full cost recovery overall for the cemetery.

A new headstone recycling fee of \$50 is proposed to fully recovery staff time and recycling costs.

Schedule F – Protective Services

Proposed inflationary fee increases of 3 to 10% to catch up with labour cost increases and to align with other municipalities.

Hot work permit is infrequent but with potential high risk. The fee increased by 200% to align with other municipality fire permit fees.

New hourly permit processing fees and permit inspections fees are created to replace the existing Fireworks permit fees.

Schedule G – Engineering & Transportation

Driveway crossing fees are proposed to increase by 27% for any single-family or duplex zoned real property, and temporary street and laneway occupancy fees are proposed to increase by 24% to reflect actual staff labour costs.

Ongoing review of fees and charges is a key element of the District's financial planning and sustainability framework, enabling accurate forecast of the District's revenue and supporting the alignment of the fee structure with the cost of providing services.

8.0 Options

8.1 Recommended Option

Proceed with first, second and third readings of proposed Fees and Charges Bylaw No. 5334, 2024 so that the District may continue to provide services on a financially sustainable basis.

8.2 Considered Options

Defer consideration of the proposed bylaw and request further information.

9.0 Conclusion

Each year, the District reviews its fees and charges to ensure that they are relevant and reasonable based on the market and the cost of those services. The annual review includes the establishment of new fee structures, revision of existing fees and elimination of fees no longer required.

Proposed Fees and Charges Bylaw No. 5334, 2024, reflects the impact of inflation and fee-specific cost drivers, allowing the District to provide services on a financially sustainable basis.

Non-Resident Fees						
Lot	\$10,249.00	\$9,085.00	\$1,164.00	13%		Moving non-resident (NR) fee from 2.1 times to 2.3 times of resident (R) fee. Increasing the NR fee helps keep R rates down for residents. City of Vancouver cost for NR and R alike is \$20,000. DWV would have second-highest NR rates after Vancouver. Next is Coquitlam which only sells to "former residents" at \$9160. There is a lack of availability of full burial space at municipal cemeteries in Metro Vancouver, which increases pressure in DWV because of available space; fees at private cemeteries are double or more than the proposed DWV NR rates.

Non-Resident Fees						
Lot	\$10,249.00	\$9,085.00	\$1,164.00	13%		Non-Resident Right of Interment Fees subsidize Resident Fees within Cemetery model. In general Non-Resident Right of Interment fees are 2.1 times resident rate. The rationale for greater cost for non-resident fees is that these are market-based sales rather than cost recovery sales. The non-resident sales offset costs to residents so that residents are subsidized while maintaining a full cost recovery overall for the cemetery. 2.3 to 1 ratio for 2024

District of West Vancouver

Fees and Charges Bylaw No. 5334, 2024

A bylaw to establish fees and charges for services and information.

WHEREAS the Council of The Corporation of the District of West Vancouver deems it expedient to provide for fees and charges for services and information;

AND WHEREAS section 194 of the *Community Charter* authorizes municipalities by bylaw to impose fees in respect of services of for the provision of information;

AND WHEREAS Council deems it necessary and desirable to exercise the authority provided by the *Community Charter* to cover costs of providing services and information where appropriate.

NOW THEREFORE, the Council of The Corporation of the District of West Vancouver enacts as follows:

Part 1 Citation

1.1 This bylaw may be cited as Fees and Charges Bylaw No. 5334, 2024.

Part 2 Severability

2.1 If a portion of this bylaw is held invalid by a Court of competent jurisdiction, then the invalid portion must be severed and the remainder of this bylaw is deemed to have been adopted without the severed section, subsection, paragraph, subparagraph, clause or phrase.

Part 3 Previous Bylaw Repeal

Fees and Charges Bylaw No. 5251, 2023 (adopted on July 17, 2023) is hereby repealed:

Amendment Bylaw	Effective Date
Bylaw No. 5251, 2023	January 1, 2024
Bylaw No. 5278, 2023	November 20, 2023

Administrative fee when refunding lot or niche payment (resale fee)	Lesser of \$128.00 or 20% of refund	
Headstone Recycling Fee	\$50.00	New fee
<p>Administrative Refund Adjustment: An administrative refund adjustment (rebate) will be considered when there is a full casket refund, together with a purchase of a new ROI in an alternate space held by a family member. The administrative rebate is only available at the time of refund. The rebate makes it economical for a family to relinquish a previous unused full burial plot space to the District and use a grave space held by a family member. The rebate results in no incremental cost to the family, except those related to the actual interment/inurnment fees that apply, in any case, to all interments/inurnments at the time of burial or placement.</p>		
FEE STRUCTURE DETAILS		
A. Rights of Interment Fees for Residents		
<p>Note that this does not include open and closing for actual interment in the grave space, or for inurnment in a columbaria, markers, liners where required, and other administrative fees.</p> <ol style="list-style-type: none"> 1. Initial Rights of Interment are allocated to a person at time of purchase: the person must be named. 2. Additional Rights of Interment are where the person is named at the time of the initial purchase only. 3. Subsequent Rights of Interment are where the person is not named at the time of initial purchase but is named sometime in the future. 		
B. Memorial Fee for in memoriam designations		
<p>Memorial fee is in addition to fees for marker setting or re-setting.</p>		
C. Care Fund		
<p>All interment rights, in memoriam fees, and memorial marker setting fees include contributions to the Cemetery Care Fund. Care Fund fees are not refundable as per the Cremation, Interment and Funeral Services Act.</p>		
D. Additional Fees for Non-residents		

SCHEDULE E - CEMETERY	2025 FEE	DETAILS
<p>Additional fees for non-residents only apply to the right of interment and associated care fund contribution. The additional fees for non-residents are set at 2.5 times the applicable fees respecting in-ground interment and columbaria interment rights. There are no additional non-resident fees for interment or inurnment, in memoriam fee, markers, liners, or other administrative fees.</p> <p>The first right of interment to a non-resident for a grave or niche space, triggers the obligation to pay the incremental non-resident fees on the initial right of interment purchase, at current pricing, including the care fund contribution. Note that subsequent rights of interment fees do not apply in this case.</p>		
<p>E. Additional Information</p>		
<p>A resident can be a:</p> <ul style="list-style-type: none"> • property owner in the District of West Vancouver; • spouse or dependent child of property owner in the District of West Vancouver; • resident elector, who is someone who meets all of the following requirements: older than 17 years old and is a Canadian citizen, and is a resident of BC for at least 6 months, and a resident of the District of West Vancouver for at least 30 days; • spouse or dependent child of resident elector (a spouse of a resident elector would very likely be a resident elector themselves. A dependent child of a resident elector would not themselves be a resident elector because they would not be 18 years of age. Upon turning 18 and not being dependent, they would become a resident elector provided they met the residency requirements). 		
<p>F. Proof of Identity and Residency</p>		
<p>Proof of residency is required for the person whose name appears, or will appear, on the Right of Interment.</p> <p>The resident rate is available to current residents of West Vancouver who can provide two of the following acceptable proofs of residency (at least one piece of identification must have a signature):</p> <ul style="list-style-type: none"> • Valid BC Drivers License, BC Health Care Card or BC ID Card showing full legal name and current address • Current utility bill for electricity, gas, cable or land line telephone showing resident’s full legal name and address • Current District of West Vancouver Property Tax Notice, or current District of West Vancouver Utility Notice, or current BC Assessment Notice, showing resident’s full legal name and address • Current Owners Certificate of Insurance and Vehicle Registration 		
<p>Family members are allowed to be interred together. Family includes a parent or step-parent, grandparent or step-grandparent, sibling (natural, adopted or step), spouse, child (natural, adopted or step), or grandchild (natural, adopted or step).</p>
