REPORTS / ITEMS

4. Proposed 2022-2026 Five-Year Financial Plan Bylaw No. 5185, 2022 and Proposed 2022 Phase 1 Capital Funding Report

Items discussed:

- Municipal Hall \$1.5M funding - Committee requested a list of capital projects that were deferred in order to accommodate the additional funding needed. List will be requested from Facilities and forwarded to the Committee.
- Senior's Activity Centre is planning a major study which will require additional funding of \$75K. Where will this funding come from? I. Gordon (Director, Financial Services) noted that funding could be listed under Phase 2 of the Capital Projects, or it could come from the "innovation fund." A decision would require Council approval.
- Active transportation – Committee requested a workshop or information session with the Engineering Department related to mobility and the new Strategic Transportation Plan for Council.

- Heat-pumps – Committee would like to know the process regarding funding for heat-pumps which the District of West Vancouver has participated in the past with a rebate program. Is this being resurrected? Councillor Gambioli noted that in order for the District to meet it's 2030 target that \$500K/year would be needed in order to motivate 250 homes/year to switch to heat-pumps.
- Mayor asked if the Water Asset Management Plan and relevant asset management dashboards could be shared with Metro.
- Noted in the 2022 capital projects was the long list of vehicle replacements. Acquisition of electrified vehicles for the fleet has been delayed because of COVID-19 supply issues and high demand. In the meantime, Fleet Manager asked to prolong the life of the assets.
- Climate Mitigation or Policy Workshop to be set up to discuss community Greenhouse Gas (GHG) reductions as well as corporate GHG reductions. Metrics to be set up. Workshop to be set up once the new "Senior Manager, Climate Action & Environment" is hired.
- Committee asked about the 2195 Gordon Avenue \$22M funds and disposition of funds. Should funds go to the Land Reserve Fund, pay back the Endowment Fund or be directed towards funding other major projects? This would be a Council discussion.
