Tribute Trees, a partnership between the Kiwanis Club of Capilano and the West Vancouver Parks Department, offers individuals an opportunity to celebrate and beautify their community.

Your donation to Tribute Trees directly enhances the landscape of West Vancouver while providing a living tribute to an individual or event of your choice.

Ornamental tree species chosen for their beauty and fit with the landscape are available for planting at selected areas in West Vancouver. These areas include parks, gardens, boulevards and other public areas.

Existing trees in designated locations may also be commemorated.

Various forms of recognition are available in the vicinity of the tree.

Tribute Trees also support community charities on the North Shore. The Kiwanis Club of Capilano directs a portion of each Tribute Tree donation toward groups such as the Lions Gate Hospital Foundation, the North Shore Harvest Project, West Vancouver School Buddy Program, Ambleside Youth Centre, SAGE Transition House, Meals on Wheels, and many others.

The Kiwanis Club of Capilano and the West Vancouver Parks Department jointly manage the Tribute Tree program. Parks provides long-term maintenance, and you will receive a tax receipt from the Kiwanis Club for 100% of your donation.

Locations available for Tribute Trees include:

- Capilano View Cemetery
- Gleneagles Community Centre
- Memorial Park
- Taylor Way boulevard
- Other locations around the Municipality as they are identified.

A donation of $1,500 will reserve a Tribute Tree. Please see the insert for more details.
A Partnership Between
the Kiwanis Club of Capilano
the West Vancouver Parks Department
and You

The Tribute Tree project, jointly managed by the Kiwanis Club of Capilano and the District of West Vancouver Parks Department, introduces an opportunity to care for our community. Support of this project simultaneously raises money for local charities, enhances the landscape of West Vancouver, and provides a tribute to individuals and/or special events in our lives.

THE KIWANIS CLUB OF CAPILANO

As a volunteer service club on the North Shore, the Kiwanis Club of Capilano supports the community and those in need. Chartered in 1986 with 22 members, the Club has grown to 55 members who are retired and residents of West Vancouver.

The Club has raised and allocated over $350,000 to community organizations and groups.

THE WEST VANCOUVER PARKS DEPARTMENT

The West Vancouver Parks Department provides and tends to a variety of open space and outdoor recreation areas for our residents to enjoy. Drawing from its expertise, the Parks Department will designate Tribute Tree locations, select suitable trees, plant and maintain them, and provide recognition to the donor for a minimum of 10 years.

Contact the Kiwanis Club of Capilano today to register for your Tribute Tree!
