Re: Whyte Lake Park map

The legal area described in the Proposed Park Dedication Bylaw No. 4794, 2014, for Whyte Lake Area and Trail is slightly larger than the map attached to the report illustrates.

There are two small areas (4.2 hectares in total) in between the old Highway 99 and the new Highway 99 which are part of the park that were not shaded in the original map.

A revised map is attached.
