File:	0116-20-CGC1

RECOMMENDATION

THAT

1. staff be directed to allocate \$300,000 from the COVID-19 Safe Restart Grant to fund the COVID-19 Impact Assistance Grant for Not-for-Profit Organizations;
2. the Community Grants Committee be directed to review all applications for this grant using the same process as the annual Community Grants Program, and then recommend grant funding from the COVID-19 Impact Assistance Grant for Not-for-Profit Organizations to Council; and
3. the Community Grants Committee report back to Council in October 2021 with recommendations on grant allocations from the COVID-19 Impact Assistance Grant for Not-for-Profit Organizations.

1.0 Purpose

The purpose of this report to obtain Council's approval to allocate \$300,000 from the COVID-19 Safe Restart Grant to fund the COVID-19 Impact Assistance Grant for Not-for-Profit Organizations and for the Community Grants Committee to recommend funding for one-time grants from the COVID-19 Impact Assistance Grant for Not-for-Profit Organizations.

2.0 Legislation/Bylaw/Policy

The Community Grants Program's policies are outlined in the District of West Vancouver's (District) 2017 Community Grants Program Policy Framework (**Appendix A**).

The District's 2017 Blueprint for Social Responsibility & Change (**Appendix B**) identifies social action plans and strategies to advance community connections and well-being in West Vancouver through innovative leadership, sustainability of social responsibility and inclusion. This ensures that resources distributed through the District are meaningful and relevant to residents of all ages in West Vancouver.

3.0 Council Strategic Objective(s)/Official Community Plan

This report reflects Council's Strategic Objective 5.3: Continuing to pursue excellence in community engagement, consultation and communication, leveraging technology.

The District's 2018 Official Community Plan supports demographic and cultural diversity, as well as enhancing public facilities and spaces through the following policies:

Policy 2.8.7: Support the delivery of programs, services, events and activities that celebrate the full spectrum of cultural and ethnic diversity of the District and promote intercultural and intergenerational connections.

Policy 2.8.15: Support an expanded variety of community activities ranging from community-wide events and smaller private events through policy, facilities and grants, as appropriate.

4.0 Financial Implications

The District received a grant of \$5 million from the BC Provincial Government relief fund for support of recovery activities suspended or affected due to COVID-19. Although the grant was intended to support municipal activities, the Province has indicated that some portion of the grant may be used to support other not-for-profit organizations (NPOs) in the community in their restart efforts.

Staff are therefore recommending that \$300,000 of this funding be directed to create a one-time COVID-19 Impact Assistance Grant for NPOs. This grant can support the important work done by NPOs serving West Vancouver's citizens and assist with the significant financial challenges these organizations have experienced due to COVID-19.

5.0 Background

5.1 Previous Decisions

Council, at its May 31, 2021 regular meeting, passed the following motion:

THAT the Community Grants Committee's recommendations for 2021 Arts, Culture & Heritage and Community & Social Services grants allocations, attached as Appendix A to the May 11, 2021 report titled 2021 Community Grants Recommendations: Arts, Culture & Heritage and Community & Social Services Grants, be approved.

5.2 History

The District's Community Grants Committee (CGC) has been in place for many years and provides funding to NPOs serving the needs of West Vancouver residents. The grants support programs and services of NPOs that reduce social, economic, or physical disadvantage; improve quality of life; support and promote arts, culture and heritage initiatives, community and social services, community vitality, and environment initiatives.

6.0 Analysis

Not-for-Profit Organizations and COVID-19

Since the start of the COVID-19 pandemic in March of 2020, many NPOs have struggled and continue to struggle with meeting financial obligations for fixed costs and to deliver their services during an unprecedented time. The COVID-19 pandemic has increased the demand on accessing the services and programs of NPOs while negatively affecting their revenues and volunteer contributions.

Through the 2021 Community Grants Program process, it was evident that many NPOs were struggling because of the pandemic's restrictions and the unforeseen challenges that it caused. Organizations had to temporarily suspend programs and services while incurring the same operational expenses in order to meet the needs of their clients. Many organizations had to purchase new equipment and arrange for technology and training in order to pivot programs to on-line services to continue to meet the demand.

Proposed COVID-19 Impact Assistance Grant for Not-for-Profit Organizations (Grant)

This report proposes that the District create this one-time Grant of \$300,000 for NPOs to support them during this unprecedented time. The goal of this proposed Grant is to provide immediate financial assistance to NPOs.

The COVID-19 Impact Assistance Grant for Not-for-Profit Organizations (**Appendix C**) will be a grant stream that responds to the negative impacts of COVID-19 on those NPOs that serve the District. Grants will be available to provide one-time financial assistance to NPOs that deliver services to residents or businesses of West Vancouver, and that have incurred unforeseen and unavoidable expenses due to COVID-19.

Eligible organizations include those that deliver services in the following areas: community and social services; arts, culture and heritage; sports; child care; business continuity; and environment. Organizations must be in good standing and currently incorporated as a "society" under the *BC Societies Act*. Proof of financial need is required.

Funding from the Grant may support work that is in progress or has already occurred. Activities that are associated with business continuity, adaption of operations, programming, service delivery, planning and implementation, and re-opening will be considered eligible for the Grant

Each organization may submit one application with an expected maximum grant request of \$10,000. Exceptions may be considered based on the organization's size, scope, and the impact its services have on the residents of West Vancouver.

The Grant prioritizes organizations that have played and continue to play a critical role in the District's social, cultural, and economic vitality, and have been most financially impacted by COVID-19.

Adjudication Process for COVID-19 Impact Assistance Grant

This report recommends the Grant will follow a similar adjudication process to the District's Community Grants Program that is administered by the CGC. The CGC is considered to be ideally qualified and experienced to undertake the adjudication process for the COVID-19 Impact Assistance Grant and this committee is in place already. The CGC will undertake a review all applications and make recommendations to Council on the allocation of the grants. Council will have the final approval of these grant funds.

The CGC will methodically review all applications using the same criteria and assessment process as used in the annual Community Grants Program. Organizations that apply must:

- meet the grant eligibility criteria;
 - not-for-profit organizations in good standing and currently incorporated as a "society" under the *BC Societies Act*
 - organizations that are located or have an active presence and deliver programs and services within West Vancouver
 - organizations that demonstrate in their application that their activities meet the current needs of West Vancouver residents and/or enhance residents' quality of life during COVID-19
 - organizations that have been operational for at least one full year
 - organizations that incurred additional expenses or deficits related to COVID-19 between March 1, 2020 and September 30, 2021
- demonstrate the severity of how COVID-19 has impacted the organization and the population it serves;
- clearly articulate how funds will be spent and evidence that this plan will be carried out;
- align with the District's vision to "inspire excellence and lead by example";
- prove financial and human resources to successfully complete the project and use the funds as approved; and
- provide complete financial statements for the periods of January 1 to December 30, 2020 and January 1 to May 31, 2021.

Next Steps

On approval of the recommendations set out in this report, staff will convene the CGC to begin the process of adjudicating this Grant. This Grant opportunity will be advertised and promoted to NPOs that provide programs and services within West Vancouver.

6.1 Sustainability

The Grant will provide one-time financial assistance for NPOs that have faced undue hardship due to COVID-19 which will aid in the sustainability of these organizations.

6.2 Public Engagement and Outreach

Information about this one-time Grant will be posted on the District's website and in other municipal publications and will be promoted through various newsletters and media channels. In addition, there will be ads placed in the *North Shore News*. All organizations that applied for a Community Grant in 2019, 2020, and/or 2021 will receive an email outlining this new one-time grant to ensure they are aware of the opportunity.

6.3 Other Communication, Consultation, and Research

The CGC was established by Council in March 2009 to review and make recommendations on all community grant requests.

7.0 Options

7.1 Recommended Option

THAT

1. staff be directed to allocate \$300,000 from the COVID-19 Safe Restart Grant to fund the COVID-19 Impact Assistance Grant for Not-for-Profit Organizations;
2. the Community Grants Committee be directed to review all applications for this grant using the same process as the annual Community Grants Program, and then recommend grant funding from the COVID-19 Impact Assistance Grant for Not-for-Profit Organizations to Council; and
3. the Community Grants Committee report back to Council in October 2021 with recommendations on grant allocations from the COVID-19 Impact Assistance Grant for Not-for-Profit Organizations.

7.2 Considered Options

Council may:

1. direct staff to proceed with the recommendations in this report;
2. request further information; and/or
3. not approve the recommendations.

8.0 Conclusion

This report recommends the provision of \$300,000 to a COVID-19 Impact Assistance Grant for Not-for-Profit Organizations from the COVID-19 Safe Restart Grant in order to respond to the negative impacts of the pandemic on those not-for-profit organizations that serve the community. This report also recommends that the Community Grants Committee administers the adjudication process for this grant as it is ideally qualified and experienced. The Community Grants Committee would then make funding allocation recommendations for Council's approval in October 2021.

District Of West Vancouver Community Grants Program Policy Framework (2017)

SECTION A: DISTRICT OF WEST VANCOUVER OVERVIEW

West Vancouver Vision

West Vancouver will inspire excellence and lead by example. Collaborative government and a spirit of personal civic commitment will power the innovations that shape our shared future. The strength of this relationship will secure our treasured quality of life and will be the measure of our success as a community.

West Vancouver Mission

We champion the opportunities that demonstrate our deep commitment to:

- foster a sense of shared and individual responsibility for community well-being, inclusion, social unity and respect for our full heritage;
- protect, restore and defend our natural environment; legislate efforts to effect positive change;
- encourage diversity in housing, land use and innovative infrastructure within our distinct neighborhoods to meet changing needs;
- enrich community vitality, health and understanding through integrating arts, learning, inter-cultural experiences and physical activity into our daily lives; and
- maximize the potential of our economic base and services, and balance the effective, long-term use of resources for current and future generations.

West Vancouver Strategic Objectives

Mayor and Council have determined eight priorities for the District to focus on throughout their term. For 2014 to 2018, these priorities are:

- Ambleside: Waterfront and town centre;
- built form, housing and neighbourhood character;
- fiscal sustainability and municipal services;
- natural environment and climate action;
- Official Community Plan review;
- arts, culture and heritage;
- Police services and Municipal Hall project (formerly the Public Safety Building); and
- traffic and transportation.

The District of West Vancouver, through Council, community and staff, develops strategies and priorities for implementing strategic objectives that align with the District's vision and mission. Implementation may include partnerships with not-for-profit organizations doing work in the community and for the benefit of West Vancouver residents.

SECTION B: COMMUNITY GRANTS PROGRAM OVERVIEW

1. West Vancouver Community Grants Program

The District established the Community Grants Program to support not-for-profit organizations that deliver important social, arts, cultural and community services in, or for citizens of West Vancouver. Through the Community Grants Program, individuals and groups of West Vancouver youth may apply for financial support through the Local to Global Youth Initiatives Fund.

The Community Grants Program supports the District's commitment to civic responsibility, community life and economic stability. Council appoints citizen volunteers to the Community Grants Committee (CGC) to provide independence in the adjudication process for Community Grants. Guided by the Blueprint for Social Responsibility and Change, CGC members evaluate applications and make recommendations to Council on requests from not-for-profit organizations for financial support to do their work in the community. Local to Global Youth Initiatives Fund grant applications are reviewed by the CGC, with recommendations forwarded to the Director of Parks, Culture & Community Services.

2. Community Grants Program Purpose

The Community Grants Program benefits residents of West Vancouver by:

- supporting diverse not-for-profit organizations that respond to a broad spectrum of community needs and interests;
- providing local government sponsorship for community organizations to better attract funding from senior levels of government, donors and foundations; and
- encouraging civic engagement, service and volunteerism.

3. Community Grants Program Funds

There are four distinct funds within the Community Grants Program:

- a) Local to Global Youth Initiatives
- b) Arts, Culture & Heritage
- c) Community & Social Services
- d) Community Vitality & Environment

Council determines the budget for the Community Grants Program through the District of West Vancouver's annual budget process.

By investing in individuals, as well as grassroots community projects, Local to Global Youth Initiatives Fund grants empower young people to impact their communities. They recognize individual youth who act as ambassadors of West Vancouver by participating in competitions, tournaments, competitive festivals or civic events that are regional, provincial, national or international in scope or nature and those groups who wish to create these types of opportunities in West Vancouver. The purpose of grants from this fund is to provide one-time support for participation and event costs.

Arts, Culture & Heritage grants support the development of the cultural sector in West Vancouver for all categories of arts.

Community & Social Services grants support organizations working in collaboration to address and find solutions to community social issues that impact residents. This includes meeting the needs of vulnerable populations, respecting social diversity and promoting social integration and inclusion.

Community Vitality & Environment grants support organizations that may be working in collaboration with the District of West Vancouver on one-time projects to improve or enhance sense of community, green and healthy environments and engagement of West Vancouver residents through community initiatives.

4. Types of Community Grants

Operating grants support organizations for services provided on an ongoing basis, or to organizations that provide a single service, whether ongoing throughout the year or recurring annually. Only applications to the Arts, Culture & Heritage fund and the Community & Social Services fund are eligible for operating grants. Operating grants may be given on a multi-year basis. The intent of multi-year funding is to provide the organization with some certainty for planning, budgeting and attracting other sources of funding. Multi-year funding is subject to performance and may be withdrawn if the applicant does not perform or fails to provide documents to evidence performance.

Project grants support organizations to implement specific programs or projects with an identifiable end date. Applications to all fund categories (Arts, Culture & Heritage; Community & Social Services; Community Vitality & Environment; and Local to Global Youth Initiatives) are eligible for project grants. Project grants are generally not multi-year in nature.

Some organizations apply for funding for a variety of distinctly different services. In such cases, the CGC may consider multiple applications for each distinct service. An organization submitting multiple applications must be able to distinguish and differentiate all the required elements for the CGC to evaluate their applications.

With the exception of grant applications to the Local to Global Youth Initiatives Fund, the Community Grants Program does not recommend grants to individuals or for expenses incurred prior to the application date.

SECTION C: APPLICANT ELIGIBILITY AND GRANT ADJUDICATION PROCESS

1. Eligibility

Organizations seeking grants must meet specific eligibility criteria and provide complete information set out in the application form. During the grant adjudication process, other information may be requested so the CGC may fully consider the application.

With the exception of applications for the Local to Global Youth Initiatives fund, all applicants must be not-for-profit organizations in good standing and currently incorporated as a “society” under the BC Societies Act.

With the exception of grant applications made to the Local to Global Youth Initiatives fund, the annual deadline for all grant submissions is **January 31**.

The following is a list of types of applicants or purposes which **THE COMMUNITY GRANTS PROGRAM DOES NOT FUND**:

- individuals or businesses
- fundraising projects or programs
- organizations that raise money to provide flow-through funds or grants to other organizations
- endowment funds, capital costs or start-up costs
- organizations without any operating history
- 100% of any operating or project costs
- debt retirement or reserves; mortgage pay-downs
- expenses incurred prior to the application date
- activities and events of religious, ethnic, cultural or political organizations that primarily serve their membership and/or their direct purposes
- groups that disparage others
- medical treatment or rehabilitation programs that are funded by the Medical Services Plan of BC
- organizations that do not demonstrate financial need
- services provided by or contracted by other levels of government.

2. Grant Adjudication Process

Applications for grants from the Local to Global Youth Initiatives fund are received, adjudicated and funded throughout the year; the CGC makes recommendations to the Director of Parks, Culture & Community Services for approval of these grants.

Applications to the Arts, Culture & Heritage; Community & Social Services; and Community Vitality & Environment funds are received and adjudicated once annually. The deadline for submission is **January 31**. The CGC makes recommendations to Council for funding, which takes place once in a calendar year and ties into the municipal budget process. Grant approvals are generally determined by June of each year.

In adjudicating applications, the CGC may take into consideration other benefits received by the applicant from the District, such as use of municipal facilities, receipt of services without charge or below ordinary cost and benefits derived through Permissive Tax Exemptions.

BC Healthy Communities (2017)

District of West Vancouver COVID-19 Impact Assistance Grant for Not-for-Profit Organizations – June 2021

The West Vancouver COVID-19 Impact Assistance Grant (Grant) is a grant stream in response to the COVID-19 pandemic. Funding is intended to provide one-time financial assistance to not-for-profit organizations (NPOs) that provide services to residents or businesses of West Vancouver, and that have incurred unforeseen and unavoidable financial expenses due to COVID-19.

Eligible organizations include those that deliver services in the following areas: community and social services; arts, culture and heritage; sports; childcare; and environment. Organizations must be in good standing and currently incorporated as a “society” under the *BC Societies Act*. Proof of financial need is required.

Funding from the Grant may support work that is in progress or has already occurred. Activities that are associated with business continuity, adaptation of operations, programming, service delivery, planning and implementation, and re-opening will be considered eligible for the Grant.

Each organization may submit one application with a maximum grant request of \$10,000. Exceptions may be considered based on the organization’s size, scope, and the impact its services have on the residents of West Vancouver. The need must be demonstrated.

The Grant prioritizes organizations that have played and continue to play a critical role in the District of West Vancouver’s (District) social, cultural and economic vitality, and have been most financially impacted by COVID-19. Adjudication of the Grant applications and recommendations to Council will follow a similar process to the District’s Community Grants Program.

- Located in and/or outside West Vancouver, and have an active presence and deliver programs and services within West Vancouver

- Applications that clearly articulate how funds will be spent and evidence that this plan will be carried out
- Organizations that align with the District's vision to "inspire excellence and lead by example"
- Organizations that can prove they have the financial and human resources to successfully complete the project and use the funds as approved
- Ability to provide complete financial statements for the periods of January 1-December 20, 2020 and January 1-May 31, 2021

Ineligible Organizations or Expenses

- Individuals or businesses
- Capital projects
- Fundraising projects or programs
- Organizations that raise money to provide flow-through funds or grants to other organizations
- Organizations without any operating history
- Expenses or deficits incurred prior to March 1, 2020
- Activities and events of religious, ethnic, cultural, or political organizations that primarily serve their membership and/or their direct purposes
- Groups that disparage others
- Services provided by other levels of government

Since the start of the COVID-19 pandemic in March of 2020, many NPOs have struggled and continue to struggle with meeting financial obligations for fixed costs and delivery of services in an unprecedented time. The COVID-19 pandemic has increased the demand on accessing the services and programs of NPOs while negatively affecting their revenues and volunteer contributions.

Through the 2021 Community Grants program process, it was evident that many NPOs were struggling because of the pandemic's restrictions and the unforeseen challenges that it caused. Many organizations had to temporarily suspend programs and services while incurring the same operational expenses in order to meet the needs of their clients. Many organizations had to purchase new equipment and arrange for technology and training in order to pivot programs to on-line services to continue to meet the demand.
