Independent Auditor's Report

To the Mayor and Council of the Corporation of the District of West Vancouver

We have audited the consolidated financial statements of the Corporation of the District of West Vancouver (the "Consolidated Entity") which comprise the Consolidated Statement of Financial Position as at December 31, 2021 and the Consolidated Statements of Operations, Changes in Net Financial Assets, and Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Consolidated Entity as at December 31, 2021 and its consolidated results of operations, its consolidated change in net financial assets, and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of this report. We are independent of the Consolidated Entity in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Consolidated Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Consolidated Entity, or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Consolidated Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. But not for the purpose of expressing an opinion on the effectiveness of the Consolidated Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the Consolidated Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Consolidated Entity to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

For the Year Ended December 31, 2021

1. OPERATIONS

The Corporation of District of West Vancouver (the "District") was incorporated in 1912 and is subject to the provisions of Local Government Act and Community Charter of British Columbia. The District's principal activity is the provision of local government services to residents of the incorporated area. These include administrative, protective, transportation, environmental, recreational, water and sanitary services.

2. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements of the District have been prepared in accordance with Canadian public sector accounting standards ("PSAS") as prescribed by the Public Sector Accounting Board ("PSAB").

The significant accounting policies are summarized below:

(a) Basis of Presentation

The consolidated financial statements include the assets, liabilities, revenues, expenses and changes in the net financial assets of the District, including controlled entities the West Vancouver Memorial Library, the West Vancouver Memorial Library Foundation (the "Library Foundation") and the West Vancouver Police Department.

(b) Basis of Accounting

The District follows the accrual method of accounting for revenues and expenses. Revenues are recognized in the year in which they are earned, are measurable and collection is reasonably assured. Expenses are recognized as they are incurred and are measurable as a result of receipt of goods and services and/or the creation of a legal obligation to pay.

(c) Revenue Recognition

(i) Taxation

Annual levies for non-optional District services and general administrative services are recorded as General Taxation in the year to which they relate. Levies imposed by other taxing authorities are not included in the statement of operations.

(ii) Community Amenity Contributions

Community amenity contributions received by the District are included on the Statement of Operations. Revenue is recognized on the cash basis in the year the payment was received.

(iii) Long-Term Prepaid Lease

Prepaid lease payments received by the District are included on the Statement of Financial Position as Deferred Revenue and Deposits. Revenue is recognized on a straight line basis over the term of the lease.

(iv) Deferred Revenue and Deposits

Deferred revenue consists of prepaid property taxes, prepaid business licences and fees. The District recognizes these revenues in the year the related services are performed and earned.

(v) Government Transfers

Unrestricted government transfers are recognized as revenue in the year in which the transfer is authorized by the issuing government, and when any eligibility criteria has been met. Restricted government transfers, in the way of grants or other transfers, are recognized as revenue in the year in which any liabilities arising from stipulations are extinguished.

For the Year Ended December 31, 2021

(d) Non-Financial Assets

Non-financial assets excluding restricted investments are held for use in the provision of goods and services but are not available to discharge existing liabilities.

These assets have a useful life extending beyond the current year and are not intended for sale in the ordinary course of operations.

Intangible assets, such as water rights and mineral resources, are not recorded in the financial statements.

(i) Tangible Capital Assets

Tangible capital assets are recorded at cost, which includes amounts that are directly attributable to the acquisition, construction, development or betterment of the assets. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful life as follows:

Туре	Major Asset Category	Useful Life Range (Years)
general	land	n/a
	land improvements	10 – 50
	buildings	30 – 100
	machinery, furniture & equipment	4 – 15
	vehicles	5 – 15
infrastructure	streets	10 – 100
	water	10 – 100
	sewer	10 - 100

Amortization is charged over the asset's useful life, commencing when the asset is put into use. Assets under construction are not amortized until the asset is available for use.

The District owns a number of works of art and historical treasures including sculptures, paintings and reproductions, mosaics, totem poles and monuments These assets are not included as part of the tangible capital assets.

Contributed tangible capital assets are recognized at fair value at the date of contribution and are also recognized as revenue. Where an estimate of fair value cannot be made, the tangible capital asset is recognized at nominal value. Land is the only category where nominal values are assigned.

(ii) Inventories

Inventories are recorded at the lower of cost and net realizable value. Cost is determined using the weighted average cost basis.

(iii) Restricted Investments

Restricted investments represent long-term investments held by the Library Foundation. Although there is the ability to sell these investments they have been presented in these financial statements in the category of "Non-Financial Assets". This is because of the requirement that the investments be held in perpetuity and that only related investment earnings can be expended.

For the Year Ended December 31, 2021

(e) Employee Future Benefits

The District and its employees make contributions to the Municipal Pension Plan. The District's contributions are considered expenses as incurred.

Post-employment benefits also accrue to the District's employees. The liabilities related to these benefits are actuarially determined, based on services and best estimates of retirement ages and expected future salary and wage increases. The liabilities under these benefits plans are accrued based on projected benefits as the employees render services necessary to earn the future benefits.

(f) Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the recorded amounts of assets, liabilities, revenues, expenses and contingent liabilities. Significant areas requiring the use of estimates include: 1) employee future benefits payable, 2) provisions for contingencies and 3) the useful lives of Tangible Capital Assets. If actual results differ, adjustments are reflected on subsequent financial statements.

(g) Debt

Debt is recorded net of principal repayments and actuarial adjustments.

(h) Investments

Investments in the GIC, MFA Money Market Fund, Intermediate Bond Fund and Restricted Investments are recorded at cost. When, in the opinion of management, there is an other than temporary decline in value, investments are written down to their net realizable value.

(i) Development Cost Charge Revenue

Development cost charges are restricted by legislation or by agreement with external parties to expenditures on capital infrastructure. These amounts are deferred upon receipt and are recognized as revenue when the expenditures are incurred in accordance with the restrictions.

(j) Segment Disclosure

A segment is defined as a distinguishable activity or group of activities of a government for which it is appropriate to separately report financial information. The District has provided definitions of segments used by the District as well as financial information in segment format (Schedule 1).

(k) Contaminated Sites

A liability for remediation of a contaminated site is recognized at the financial statement date when an environmental standard exists, contamination exceeds the standard, and it is expected that future economic benefits will be given up and the liability can be reasonably estimated.

For the Year Ended December 31, 2021

In 2020, as part of the Covid-19 response, the provincial government allowed a delayed remittance of \$57.2M school taxes until after the year end, to help local governments manage their cash flows and meet their operational costs. The payment delay for school tax was not repeated in 2021, resulting in a much lower Tax Payable balance at year end.

For the Year Ended December 31, 2021

5. EMPLOYEE FUTURE BENEFITS PAYABLE

Employees are entitled to earned benefits related to non-vested sick leave, vacation at retirement and retirement allowances. Employees may also defer sick leave gratuity payments.

The liabilities reported in the financial statements are based on an actuarial valuation as at September 30, 2019 that has been extrapolated to December 31, 2021. The District's actuarial valuation of employee future benefits is redone every three years and the next full valuation is scheduled to be incorporated into the District's December 31, 2022 year-end.

The significant actuarial assumptions adopted in measuring the District's accrued benefit liabilities for post-employment benefits are as follows:

Expenditures require budgetary authorization within the purposes authorized in the establishing bylaws. The deferred development cost charges are the District's only restricted revenues. There were no developments for which deferred development charges were waived or reduced in 2021 and 2020.

11. CONTRACTUAL OBLIGATIONS AND CONTINGENCIES

(a) Legal Actions

The District is currently involved in certain legal actions. Financial implications of potential claims against the District, resulting from such litigation, and that are not covered by insurance, are accrued to the extent that amounts can be reasonably estimated. Otherwise, such claims are recognized in the year in which a measurable obligation is determined.

In particular, CN Acquisition Limited ("CN") has commenced legal proceedings against the District regarding the Centennial Seawalk. The District has taken steps to defend CN's legal action. CN and the District are now working collaboratively to complete a settlement agreement with the intention to resolve the legal dispute entirely in 2022. The outcome of this dispute is not determinable at this time.

(b) Municipal Pension Plan

The District and its employees contribute to the Municipal Pension Plan (a jointly trusteed pension plan). The board of trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 20201, the plan has about 220,000 active members and approximately 112,000 retired members. Active members include approximately 852 contributors from the District.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits on a going concern basis.

The District paid \$7,521,405 (2020 \$7,749,750) for employer contributions while employees contributed \$6,141,728 (2020 \$6,354,668) to the plan in fiscal 2021.

The next valuation will be as at December 31, 2021, with results available in 2022.

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

For the Year Ended December 31, 2021

12. CONTRACTUAL RIGHTS

The District has entered into agreements related to the lease of District property, for periods from 30 to 125 years. Lease proceeds are recognized based on the terms of the specific leases which are as follows:

(a) 14th Street - Duchess to Esquimalt, Ambleview Place Housing Co-Operative

Included in Other Trust Funds (Note 18) are lease payments received related to District-owned land. These amounts will not be available to the District until the end of the lease period, February 28, 2047. Upon expiration of the lease, the District has committed to pay to the lessee an amount equal to the sum of the then value of the principal shares held by the members of the co-operative. This payment is anticipated to be less than the cumulative deferred proceeds at the termination of the lease.

The premises will revert to the District upon the expiration of the term.

Proceeds are to be received in annual amounts escalating from \$5,040 to \$20,160 (currently \$12,600) until the year 2047. At December 31, 2021, the cumulative amount deferred totalled \$446,949 (2020 \$429,253).

(b) 320 Taylor Way

The District receives annual lease proceeds of \$125,000 (plus an adjustment for inflation starting in 1999) to the year 2087. The net proceeds of \$293,262 (2020 \$281,243) were received in 2021 and transferred to the Endowment Fund.

(c) Community Centre

The District leases 19,529 square feet of custom designed space at the West Vancouver Community Centre under a long-term lease agreement to Vancouver Coastal Health Authority. The lease commenced May 1, 2009 with the following terms:

Term – 30 years, with one 10 year renewal option Annual rentals are as follows:

Years 1 to 10 - \$629,810 or \$32.25 per square foot

Years 11 to 20 - \$744,250 or \$38.11 per square foot

Years 21 to 30 - \$995,002 or \$50.95 per square foot

plus a proportionate share of defined operating and maintenance costs

Certain other spaces in the West Vancouver Community Centre are covered by commercial third party rental and leasing agreements with varying terms.

(d) Wetmore Lands

In 2011, the District entered into an agreement with Pacific Arbour Retirement Communities to develop land at the northwest corner of Marine Drive and 22nd Street, known as the Wetmore Lands. Under the agreement, Pacific Arbour prepaid \$14.5 million for a 125-year lease of the property and paid the District \$500,000 towards the development of the park adjacent to the property. The lease proceeds were received in 2011, at the conclusion of a public consultation process, and after rezoning and development approvals had been obtained.

18. MEMBERSHIP IN E-COMM EMERGENCY COMMUNICATIONS FOR SOUTHWEST BC INCORPORATED (E-Comm)

The District is a member of E-Comm, an organization comprised predominantly of member municipalities, for the purpose of providing emergency and dispatch services. The District is represented on the Board and, as a Class A shareholder, has voting rights should E-Comm want to incur debt.

The E-Comm facility was constructed using debt as a financing mechanism. Members are liable for their proportionate share of that debt with debt being repaid by members through annual fees charged by E-Comm. Should E-Comm dissolve, members would be liable for a proportionate share of any residual debt. Alternatively, should a member choose to opt out of E-Comm, they would be liable for a proportionate share of the debt at the time of withdrawal. The District holds two Class A shares, and one Class B share.

19. SIGNIFICANT EVENT

On March 11, 2020, the COVID-19 outbreak was declared a global pandemic by the World Health Organization. The pandemic has a significant effect on the District, its citizens, employees, suppliers and other third party business associates. As the impacts of COVID-19 continued in 2021, the District's offices re-opened in a limited capacity during the year. The District has continued to deliver services during this pandemic through a variety of means, whether face-to-face or utilizing technology. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the District is not able to fully estimate the future effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity at this time.
