BOARD OF VARIANCE HEARING MINUTES  
MUNICIPAL HALL COUNCIL CHAMBER  
AND VIA ELECTRONIC COMMUNICATION FACILITIES  
WEDNESDAY, MAY 20, 2026**

---

**BOARD MEMBERS:** Chair L. Radage and Members H. Naderi, T. Webb, and R. Yaworsky. Absent: Member D. Simmons.

**STAFF:** P. Cuk, Board Secretary; T. Yee, Building Inspector; and M. Beattie, Legislative Services Clerk.

**1. Call to Order**

The hearing was called to order at 5 p.m.

**2. Introduction**

Staff introduced the Board Members and described the hearing procedure.

**3. Confirmation of the Agenda**

It was Moved and Seconded:

THAT the May 20, 2026 Board of Variance hearing agenda be approved as circulated.

CARRIED

**4. Adoption of the April 15, 2026 Minutes**

Chair Radage referred to the minutes of the Board of Variance hearing held on April 15, 2026.

It was Moved and Seconded:

THAT the April 15, 2026 Board of Variance hearing minutes be adopted as circulated.

CARRIED

**5. Time Limit of Board of Variance Orders**

Chair Radage read out the following statement regarding Time Limit of Order Approving a Variance and noted that the time limit applied to each application approved by the Board:

Pursuant to section 542(3) of the *Local Government Act*, if a Board of Variance orders that a minor variance be permitted from the requirements of the bylaw, and the Order sets a time limit within which the construction of the building or structure must be completed, and the construction is not completed within that

time, the permission of the Board terminates and the bylaw applies. Further, if that construction is not substantially started within 2 years after the Order was made, or within a longer or shorter time period established by the Order, the permission of the Board terminates and the bylaw applies.

**6. Application 26-014 (1271 Fulton Avenue)**

Staff confirmed the following requested variance regarding a detached garage (accessory building):

- a) 0.23 m to Accessory Building Height.

Staff informed that no written submissions were received for this application prior to the Board of Variance hearing.

Written submissions received:

SUBMISSION AUTHOR	SUBMISSION DATED	#
None.		

Staff provided permit history of the subject property.

K. Goldan (Goldcon Construction Ltd., representing the owner of 1271 Fulton Avenue) described the variance application for a detached garage (accessory building) and responded to Board members' questions.

Chair Radage queried whether anyone else had signed up to address the Board regarding the subject application. Staff informed that no one else had signed up to address the Board regarding the subject application.

Members of the Board considered:

- All of the submissions;
- Whether the application was for a minor variance that did not
  - result in inappropriate development of the site
  - adversely affect the natural environment
  - substantially affect the use and enjoyment of adjacent land
  - vary permitted uses and densities under the applicable bylaw; or
  - defeat the intent of the bylaw; and
- Whether compliance with the bylaw would cause the applicant undue hardship.

Having read the application dated April 17, 2026, including the applicant's letter, plans and all other related documents, and having read the statutory Notice of Hearing for the subject application, and having inspected and/or viewed images of the subject site, and having heard the submission of K. Goldan:

It was Moved and Seconded:

THAT the Board finds that undue hardship would be caused to the applicant by compliance with Zoning Bylaw No. 4662, 2010 (as amended) and orders that Application 26-014 regarding a detached garage (accessory building) at 1271 Fulton Avenue with a variance of:

- 0.23 m to Accessory Building Height

BE ALLOWED pursuant to the plans dated April 7 and 14, 2026 submitted with the application; AND THAT if construction is not substantially started within 2 years of the issuance of the Order, the permission terminates and the Zoning Bylaw applies.

CARRIED

**7. Application 26-015 (1340 23rd Street)**

Staff confirmed the following requested variances regarding a private power pole (accessory structure):

- a) 6.08 m to Front Yard Setback
- b) 1.44 m to Minimum Side Yard Setback

Staff provided permit history of the subject property.

M. Douglas and J. Douglas (1340 23rd Street) described the variance application for a private power pole (accessory structure). M. Douglas and D. Pecchia (Divano Homes, representing the owner of 1340 23rd Street) responded to Board members' questions.

Chair Radage queried whether anyone else had signed up to address the Board regarding the subject application. Staff informed that no one else had signed up to address the Board regarding the subject application.

Members of the Board considered:

- All of the submissions;
- Whether the application was for a minor variance that did not
  - result in inappropriate development of the site
  - adversely affect the natural environment
  - substantially affect the use and enjoyment of adjacent land
  - vary permitted uses and densities under the applicable bylaw; or

- defeat the intent of the bylaw; and
- Whether compliance with the bylaw would cause the applicant undue hardship.

Having read the application dated April 20, 2026, including the applicant’s letter, plans and all other related documents, and having read the statutory Notice of Hearing for the subject application, and having inspected and/or viewed images of the subject site, and having heard the submissions of J. Douglas, M. Douglas, and D. Pecchia:

It was Moved and Seconded:

THAT the Board finds that undue hardship would be caused to the applicant by compliance with Zoning Bylaw No. 4662, 2010 (as amended) and orders that Application 26-015 regarding a private power pole (accessory structure) at 1340 23rd Street with variances of:

- 6.08 m to Front Yard Setback
- 1.44 m to Minimum Side Yard Setback

**Re: Board of Variance Application**

**Property Address: 651 Andover Place, West Vancouver, BC**

Dear Members of the Board,

**a) Proposed Construction**

The proposed construction relates to the installation and continued use of a power pole providing electrical servicing for the residential property currently under construction at 651 Andover Place, West Vancouver. The power pole was initially required to support construction servicing and is intended to remain as part of the property's ongoing electrical infrastructure.

**b) Requested Variances**

This application requests minor variances related to the location and height of the power pole as follows:

Variance Type	Bylaw	Proposed	Variance Requested
Rear Yard Setback	1.2 m	0.98 m	0.22 m
Accessory Structure Height	3.7 m	5.1 m	1.4 m

**c) Hardship**

Strict compliance with the Zoning Bylaw requirements would create undue hardship by requiring substantial relocation and reconstruction of the power servicing infrastructure, resulting in significant additional costs, construction disruption, and project delays.

The requested variances are minor in nature and do not negatively impact neighboring properties, environmental conditions, or the overall character of the neighborhood. The power pole location and height are necessary for safe and functional electrical servicing of the property and do not interfere with adjacent land use or enjoyment.

The requested variances remain consistent with the general intent of the Zoning Bylaw while accommodating practical servicing requirements for the property.

I respectfully request that the Board approve this minor variance application.

Thank you for your time and consideration.

Dear Sir/Madam

**RE: 651 ANDOVER PLACE - WEST VANCOUVER  
 BUILDING PERMIT APPLICATION – RS3 ZONE**

The plans submitted with your application for a building permit at the above referenced address show that the proposed Power Pole will not comply with the Zoning Bylaw because it does not maintain the required 1.2m rear yard setback and Accessory Structure Height.

- The Zoning Bylaw, Section 130.01(3)(a) requires a rear yard setback as indicated in the table below:

	Bylaw	Proposed	Variance
Rear Yard Setback for Power Pole	1.2 m	0.98 m	0.22 m

- The Zoning Bylaw, Section 130.01(7)(b)(i) requires that accessory structures not exceed a height of 3.7 metres measured from the average grade as indicated in the table below:

	Bylaw	Proposed	Variance
Accessory Building Height for Power Pole	3.7 m	5.1 m	1.4 m

The Permits and Inspections Department is unable to issue a Building Permit unless you:

- revise your plans to conform to the Zoning Bylaw; **or**
- make application to the Planning Department for a Development Variance Permit (DVP) to be considered by Municipal Council, for a relaxation of the Zoning Bylaw requirements. Information regarding the Development Variance Permit Application process may be obtained from the Planning Department at Municipal Hall (604-925-7055); **or**

- 
- c) make application to the Board of Variance for relaxation of the Zoning Bylaw requirements by submitting a Board of Variance Application (application form enclosed) to the Permits & Inspections secretary. Your application, together with the \$880 fee and required attachments, must be received by the Permits & Inspections secretary by 1:00 p.m. on **Wednesday May 20th**. The next Board of Variance Hearing is scheduled for **Wednesday June 17th**. Confirmation of the date and time of the Board of Variance Hearing at which your application will be considered will be forwarded by mail; or

If you choose to make application to the Board of Variance, the Board at its Hearing, may order that a minor variance be permitted if it finds that undue hardship would be caused to the applicant if the Zoning Bylaw is complied with, and that the Board is of the opinion that the variance does not:

- a) result in inappropriate development of the site
- b) adversely affect the natural environment
- c) substantially affect the use and enjoyment of adjacent land
- d) vary permitted uses and densities under the applicable bylaw, or
- e) defeat the intent of the bylaw.

The Board of Variance members may visit the site as part of the variance consideration.

You and/or a representative should attend the Hearing to speak to your application and respond to any questions the Board may have.

Please do not hesitate to contact me at 604-925-7053 should you require any further information regarding this matter.

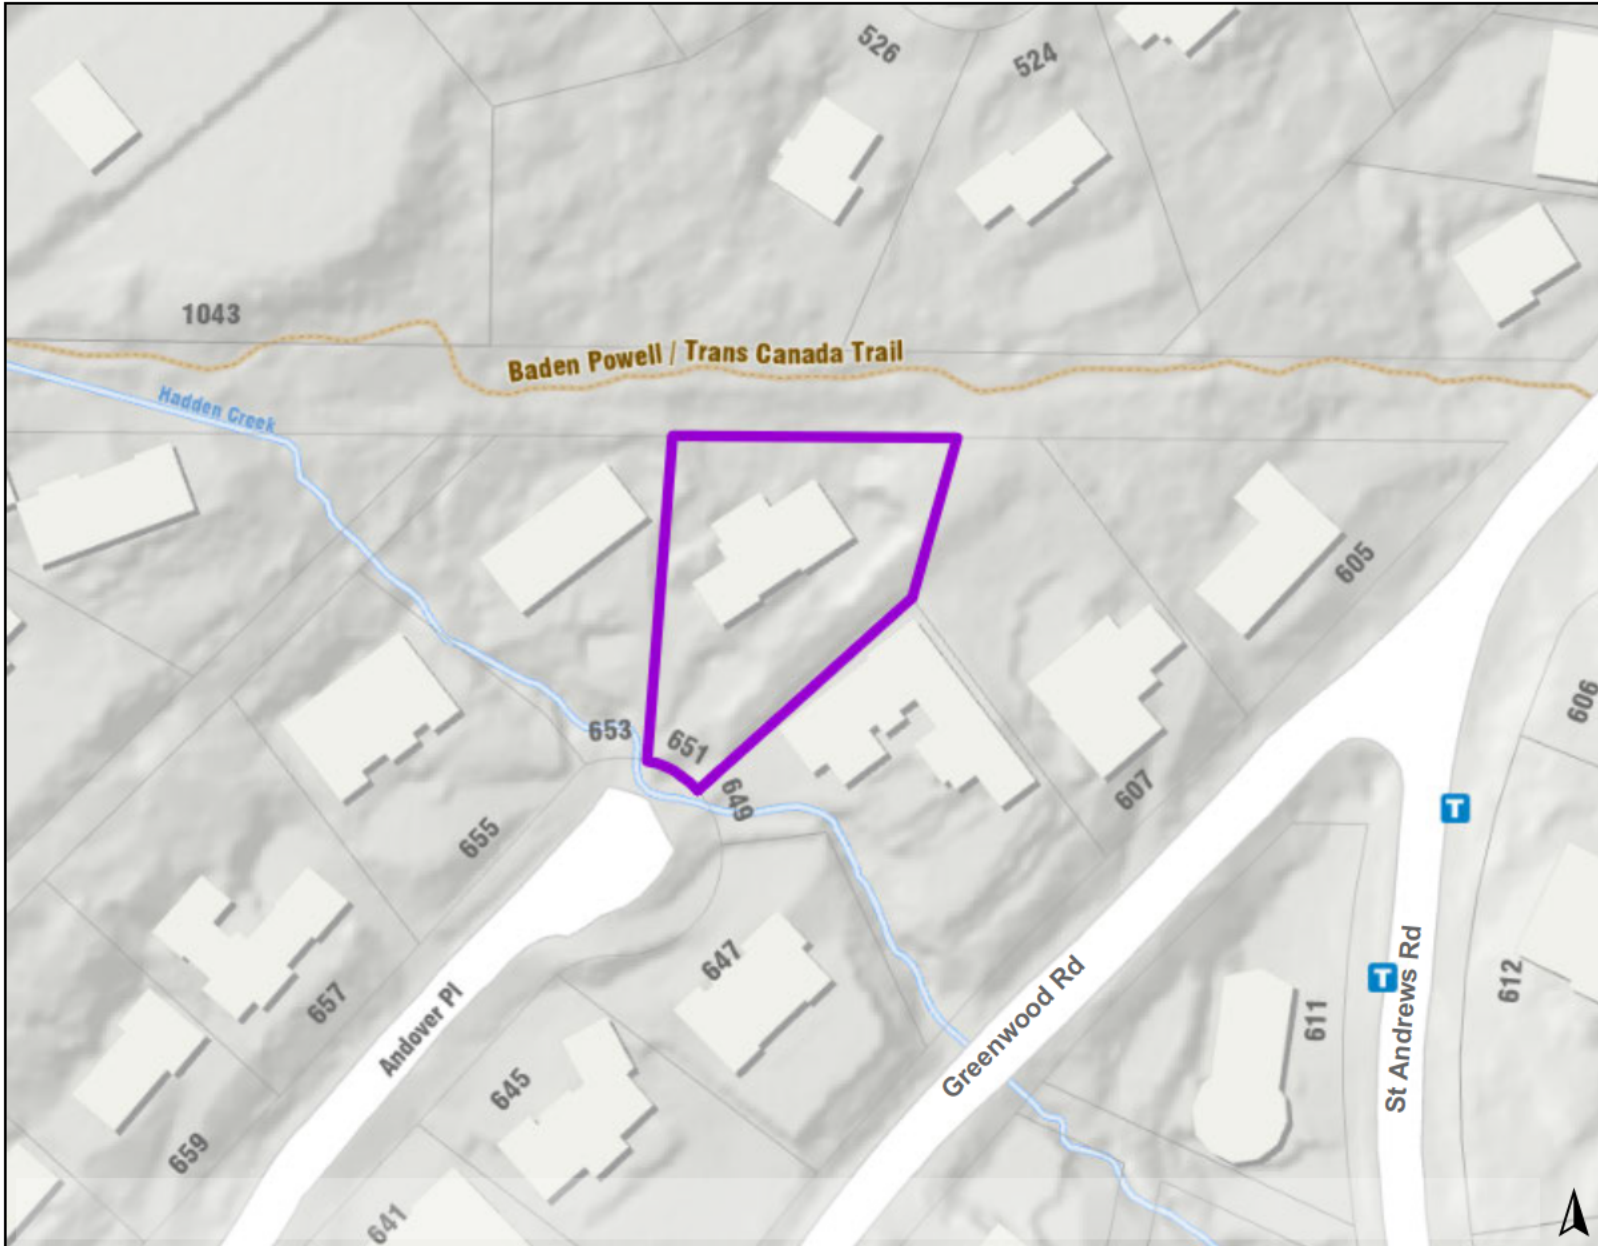

Thank you.

To the Board of Variance,

I am the owner and resident of [REDACTED] s.22(1).

I wish to express my concern regarding the requested variance to increase the height of the proposed power pole/accessory structure from the permitted 3.7 metres to 5.1 metres.

The redevelopment of 651 Andover Place has already had a significant visual impact on neighbouring properties due to the unique configuration of [REDACTED] s.22(1). Unlike a typical subdivision, homes on Andover Place are positioned in a manner that makes structures highly visible from neighbouring properties. The new residence has substantially altered the existing outlook [REDACTED] s.22(1).

Given these circumstances, I am concerned that the proposed increase in height of the accessory structure will create additional visual intrusion and further affect the remaining open sightlines available from neighbouring properties. The requested height represents an increase of approximately 38% above the bylaw limit, which is not insignificant.

I respectfully request that the Board carefully consider whether the additional height is genuinely necessary and whether alternative locations, designs, or configurations could achieve the same objective while complying with, or more closely complying with, the bylaw requirements.

I would also ask that the Board consider the cumulative impact of this variance together with the scale of the recently constructed residence, particularly given the constrained nature of the cul-de-sac and the effect on neighbouring properties.

Thank you for considering my comments.

Sincerely,
