5. Time Limit of Board of Variance Orders

Chair Radage read out the following statement regarding Time Limit of Order Approving a Variance and noted that the time limit applied to each application approved by the Board:

Pursuant to section 542(3) of the *Local Government Act*, if a Board of Variance orders that a minor variance be permitted from the requirements of the bylaw, and the Order sets a time limit within which the construction of the building or

structure must be completed, and the construction is not completed within that time, the permission of the Board terminates and the bylaw applies. Further, if that construction is not substantially started within 2 years after the Order was made, or within a longer or shorter time period established by the Order, the permission of the Board terminates and the bylaw applies.

J. Chang (651 Andover Place) and N. Shtyrn (representing the owner of 651 Andover Place) described the variance application for a power pole (accessory structure). J. Chang, N. Shtyrn, and staff responded to Board members' questions.

Chair Radage queried whether anyone else had signed up to address the Board regarding the subject application. Staff informed that no one else had signed up to address the Board regarding the subject application.

Members of the Board considered:

- All of the submissions;
- Whether the application was for a minor variance that did not
 - result in inappropriate development of the site
 - adversely affect the natural environment
 - substantially affect the use and enjoyment of adjacent land
 - vary permitted uses and densities under the applicable bylaw; or
 - defeat the intent of the bylaw; and
- Whether compliance with the bylaw would cause the applicant undue hardship.

Having read the application dated May 19, 2026, including the applicant's letter, plans and all other related documents, and having read the statutory Notice of Hearing for the subject application, and having inspected and/or viewed images of the subject site, and having heard the submissions of J. Chang and N. Shtyrn:

It was Moved and Seconded:

THAT the Board finds that undue hardship would be caused to the applicant by compliance with Zoning Bylaw No. 4662, 2010 (as amended) and orders that Application 26-019 regarding a power pole (accessory structure) at 651 Andover Place with variances of:

- 0.22 m to Rear Yard Setback
- 1.4 m to Accessory Structure Height

BE ALLOWED pursuant to the plans dated May 12, 2026 submitted with the application; AND THAT if construction is not substantially started within 2 years of the issuance of the Order, the permission terminates and the Zoning Bylaw applies.
