The administrative rebate is only available at the time of refund. The rebate makes it economical for a family to relinquish a previous unused full burial plot space to the District and use a grave space held by a family member. The rebate results in no incremental cost to the family, except those related to the actual interment/inurnment fees that apply, in any case, to all interments/inurnments at the time of burial or placement.</p>		
FEE STRUCTURE DETAILS		
A. Rights of Interment Fees for Residents		
<p>Note that this does not include open and closing for actual interment in the grave space, or for inurnment in a columbaria, markers, liners where required, and other administrative fees.</p> <ol style="list-style-type: none"> 1. Initial Rights of Interment are allocated to a person at time of purchase: the person must be named. 2. Additional Rights of Interment are where the person is named at the time of the initial purchase only. 3. Subsequent Rights of Interment are where the person is not named at the time of initial purchase but is named sometime in the future. 		
B. Memorial Fee for in memoriam designations		
<p>Memorial fee is in addition to fees for marker setting or re-setting.</p>		
C. Care Fund

SCHEDULE E - CEMETERY	2025 FEE	DETAILS
D. Additional Fees for Non-residents		
<p>Additional fees for non-residents only apply to the right of interment and associated care fund contribution. The additional fees for non-residents are set at 2.5 times the applicable fees respecting in-ground interment and columbaria interment rights. There are no additional non-resident fees for interment or inurnment, in memoriam fee, markers, liners, or other administrative fees.</p> <p>The first right of interment to a non-resident for a grave or niche space, triggers the obligation to pay the incremental non-resident fees on the initial right of interment purchase, at current pricing, including the care fund contribution. Note that subsequent rights of interment fees do not apply in this case.</p>
