### DISTRICT OF WEST VANCOUVER 2019 MID-YEAR SUMMARY

The mid-year financial report includes a review of operating results, investment results, capital expenditures, reserve balances, and procurement statistics to June 30. It includes analysis of actual results to the year-to-date (YTD) budget and a forecast of anticipated results for the year. Highlights of the operating and capital results are summarized below.

#### **General Fund - Operating Results**

At mid-year, compared to the YTD budget, revenues over expenditures exceeded the target by \$3.7m (13.9%).

#### Revenues

Revenue Item	Result illions)	Budget Ilions)	Variance Ilions)
General Taxation	\$ 74.78	\$ 74.28	\$ 0.50
Fees & Charges	\$ 6.82	\$ 6.72	\$ 0.10
Licences & Permits	\$ 4.34	\$ 4.68	\$ (0.34)
Other Revenue	\$ 3.43	\$ 2.76	\$ 0.68
Government Grants	\$ 0.97	\$ 0.78	\$ 0.19
Transfer In	\$ 0.94	\$ =	\$ 0.94
Total	\$ 91.29	\$ 89.22	\$ 2.07

Revenue (not including third party works & non-recurring items) exceeded budget by \$2.07m (2.3%), variances include:

- utility tax in lieu from BC Hydro and Telco received earlier than budgeted;
- increased development activity in the District resulting in higher collection of third party administration fees;
- decreased revenue from inspection permits as a result of a previous downturn in the housing market;
- higher than expected permits issued for urban design and temporary street occupancy;
- increase in investment returns due to diversifying investment portfolio and increases in the prime interest rate;
- higher than budgeted interest income on tax arrears;
- · receipt of unbudgeted external recovery and grants; and
- timing of transfer in revenue from Endowment Fund for debt payments

#### **Expenditures**

Expenditure Item	Result Ilions)	YTD I	Budget llions)	Variance Ilions)
Administrative Services	\$ 1.54	\$	1.48	\$ (0.06)
Human Resources	\$ 0.92	\$	0.92	\$ 0.01

Planning & Development Services	\$ 2.79	\$	2.50	\$ (0.29)

#### DISTRICT OF WEST VANCOUVER 2019 MID-YEAR SUMMARY

Parks, Culture & Community Services	\$ 9.81	\$ 9.62	\$ (0.19)
Library Services	\$ 2.41	\$ 2.44	\$ 0.03
General Government	\$ 1.87	\$ 2.94	\$ 1.07
Tax Transfer to Asset Reserves	\$ 14.65	\$ 14.50	\$ (0.15)
Transfers to Reserves	\$ 0.90	\$ 0.46	\$ (0.44)
Total	\$ 60.46	\$ 60.68	\$ 0.22

Expenditures (not including third party works & non-recurring items) were under budget by \$0.22m (0.4%) due to:

- lower salary costs as a result of vacancies, delays in hiring, staff leaves;
- higher than budgeted over time cost and unbudgeted back fill positions;
- timing of North Shore emergency program payment, grants payment;
- · delay in external recovery billing; and
- timing of lease revenue transfer to the reserve

#### Third Party Works & Non-Recurring Items

Third party works revenues and expenditures were on track.

Land development costs are generally offset by land sales proceeds, with net proceeds transferred to the Land Reserve.

Community amenity contributions (CACs) are a voluntary contribution from developers to the municipality.

Expenses on one-time initiatives which are non-capital projects and which address improvements in efficiency and effectiveness was lower than anticipated due to capacity issues and changes in external circumstance.

Detailed variance explanations are provided in the notes to the General Fund operating results.

#### **Utility and Other Funds**

**Water Utility** – Water consumption is seasonal and difficult to predict accurately. User fee revenue is trending favourable for the first half of the year due to higher consumption. It is expected that water consumption will continue to increase in the third quarter. The capital work program is scheduled to ramp up in the third quarter.

**Sewer Utility** – Sewer revenue is trending unfavourable compared to modelled estimates. Due to complexity in calculating the forecast budget, it appears that results from the revenue model may be too high, and need to be adjusted. Third quarter results are needed to confirm this. Operating expenditures are trending slightly unfavourable due to seasonal fluctuations. The majority of the capital program is scheduled in the third quarter.

**Solid Waste** – Decreased cost from residential garbage and organics collections are offset by increased cost in admin and recycling expenditures. Public realm refuse costs are seasonal based on park usage. Full streetscape recycling program started in April 2019 resulting in a favourable variance.

**Golf Fund** – Favourable weather continued into 2019 resulting in more rounds (revenue) than budgeted. However, operation costs went up due to higher water usage, cleaning costs and additional costs associated with emergent fencing issues. Forecast has been adjusted to reflect the increase of both revenue and expenditures.

#### DISTRICT OF WEST VANCOUVER 2019 MID-YEAR SUMMARY

**Cemetery Fund** – The Cemetery Fund is favourable to budget due to higher than expected interment and demand for grave spaces in the first half of the year. On the other hand, it is expected that revenue will be unfavourable to budget as a result of no presale plots being available until the current phase of development is complete later this year. The capital work program is expected to accelerate in the third quarter.

#### Investment

The investment policy requires that investment returns be reported on a quarterly basis to update the status of the current investment portfolio and the investment environment.

Regular cash demands, as well as the District's conservative investment strategy, require that a high degree of liquidity be maintained in the investment portfolio, including both short and long term investments.

Short term investments, those with a term of up to one year and the highest degree of liquidity, are used to meet working capital requirements. Short term investments include Municipal Finance Authority of BC (MFA) Pooled High Interest Saving Accounts (with CIBC and National Bank of Canada); RBC, BMO and HSBC deposits, as well as investments in the MFA Money Market Fund.

Long term investments have terms of greater than one year. These investments are less liquid than short term investments and are held both to manage the risk of interest rate fluctuations and for funding requirements with a long term perspective. Long term investments include the MFA Intermediate Fund for investments from one to three years; MFA Bond Fund for investments of more than three years and Guaranteed Investment Certificates (GICs) for the term of over one year, issued by Canadian chartered banks that meet the District's risk management requirements.

Investment portfolio details and results are provided in this report.

#### **Capital Program**

2019 capital projects have been initiated and commitments have been set up since the approval of the financial plan.

#### **Reserves & DCCs**

The reserves and DCCs as at June 30 total \$140m. There is also \$7m that is held in trust. Further details are provided on the reserves schedules.

#### **Procurement Statistics & Contracts Awarded**

The mid-year report includes an update on procurement activity to June 30 and the award of contracts over \$75k in value (excluding tax). Contracts that are individually reported to Council or the Finance Committee are not reported here. Also excluded from this report are contracts related to West Vancouver Transit, the West Vancouver Police Department, and the West Vancouver Memorial Library.

The District's Purchasing Policy outlines the governing principles and guides the activity of the purchasing function. Awarded contracts are within approved budget limits, and have been approved by staff with appropriate acquisition and commitment authority. The contract value reported is the value at the time of contract award, which is subject to change.

#### DISTRICT OF WEST VANCOUVER NOTES TO GENERAL FUND RESULTS FOR THE PERIOD ENDING JUNE 30, 2019

#### **REVENUES**

#### **FEES AND CHARGES**

- 1 Grants in Lieu YTD revenues are favourable to budget due to grants from BC Hydro and Telco received earlier than anticipated.
- 2 **Engineering & Transportation Services** Increased development activity within the District drove demand for third party works resulting in more administration fees collected. Forecast to be favourable at year end.
- Fire & Rescue Services YTD inspection revenues are under budget due to staff changes resulting in work delay. Forecast to be on track at year end.
- 4 **Parking Tickets** YTD parking fines revenues are under budget due to a vacant Bylaw Compliance Officer position, resulting in a shortage of team members responsible for enforcing parking regulations.
- 5 General Admin & Finance Fees YTD revenue is under budget due to timing of revenue recording for Tax Certificate.

#### LICENCES AND PERMITS

- 6 **Business Licences** YTD revenues are favourable to budget due to the timing of billing cycle and refund process. Forecast to be on budget at year end.
- 7 **Inspection Permits** YTD inspection permits revenues are under budget due to lower renovation and new construction activities as a result of the cooling down of the housing market. Forecast to be unfavourable at the year end, a budget amendment is being sought to reflect the revenue shortfall from building permits.
- 8 **Other Permits/Licences** YTD revenues are favourable to budget due to higher than anticipated applications in urban design and temporary street occupancy permits issued.

#### OTHER REVENUE

- 9 Interest on Investments YTD revenues are favourable to budget due to changes in revenue recognition and budget allocation.
- 10 **Tax Penalties & Interest** YTD revenue is favourable due to higher than budgeted revenue from interest charged on Tax Arrears.
- Miscellaneous YTD revenues are favourable due to receipt of unbudgeted external recovery and its associated admin fee. Forecast to be favourable at year end.

#### **GOVERNMENT GRANTS**

- 12 **Provincial Revenue Sharing** YTD revenues are favourable due to higher than anticipated Traffic Fine Revenue Sharing Grant.
- 13 Library- YTD revenues are higher than budget due to timing of grants received, forecast to be favourable at year end
- 14 Other YTD revenues are favourable due to unbudgeted grant received from UBCM for First Time Childcare Planning.

#### OTHER TRANSFERS

15 **Transfer In from Reserves** - The amount transferred in is from the Endowment Fund for the debt payments on the Police Building. YTD revenues are favourable due to budget allocation timing. Forecast to be favourable at year end due to additional transfers from the Land Reserve to fund the 2195 Gordon Avenue rezoning project, and from the Weather Reserve to cover winter maintenance expense shortfall.

#### DISTRICT OF WEST VANCOUVER NOTES TO GENERAL FUND RESULTS FOR THE PERIOD ENDING JUNE 30, 2019

#### **EXPENDITURES**

- 16 **Police Services** YTD expenditures are unfavourable to budget due to higher than usual overtime costs to cover illness and the minimum staff requirement on the Patrol team; higher than expected salary expenditures are also the result of additional hiring in the dog handlers team.
- 17 **Fire & Rescue Services** YTD expenditures are favourable to budget mainly due to unexpected external recovery and timing of payroll expense accruals.
- 18 Engineering & Transportation Services YTD expenditures are unfavourable due to higher than budgeted expenditures in crosswalks/sign lines, street light maintenance, slashing/sightlines, invasive species and winter maintenance. Forecast to be unfavourable at year end and a budget amendment will be made to offset the overall shortfall.
- 19 Corporate Services YTD expenditures are favourable due to labour cost saving from unfilled positions in bylaw services and IT departments, as well as temporary savings from timing of utility billings and delay in North Shore emergency program payment.
- 20 **Planning & Development Services** YTD expenditures are unfavourable to budget mainly due to unbudgeted labour costs from temporary backfill hiring, unexpected legal proceeding fees, and timing of external recovery billing.
- 21 Parks, Culture & Community Services YTD expenditures are unfavourable to budget due to overage for maintenance of trees impacted by drought, costs of removing abandoned boats from the foreshore, and general increases from contractors providing required services. Annual costs are expected to be unfavourable net of associated revenues. A Budget Amendment is being sought to offset the cost of tree maintenance and removal in parks and for abandoned boat removal.
- 22 **Transfers to Reserves** Lease revenue from the Community Center was transferred to the reserve earlier than budgeted and higher than budgeted revenue received from 320 Taylor Way resulted in an unfavourable temporary variance. Forecast to be on budget at year end.

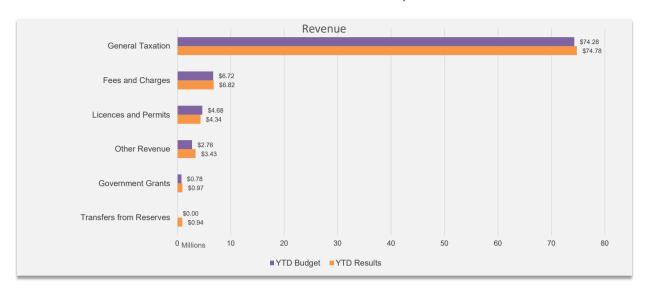

#### THIRD PARTY WORKS & NON-RECURRING ITEMS

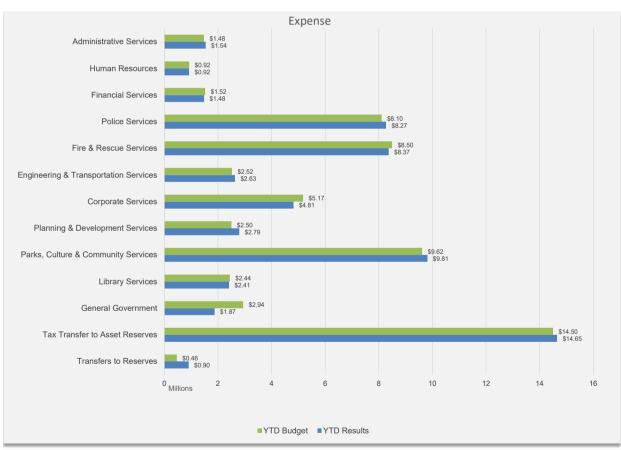

- 23 Third Party Works Increased demand for third party works is offset by increased third party works revenue.
- 24 Land Sales & Costs There were no property sales budgeted in 2019. Costs are incurred to manage the use and development of land resources. At year end, funds from the Land Reserve will be transferred to cover any shortfall.
- 25 **One-Time Initiatives** These initiatives are non-capital project expenditures, including consulting engagements that are one-time in nature. Due to timing issues, some of these initiatives haven't started, resulting in a temporary saving.

#### SCHEDULE A - GENERAL GOVERNMENT DETAILS

- 26 Legal & Severance YTD expenditures are favourable to budget due to savings from severance cost and timing of severance payment.
- 27 **Fiscal Services** Unfavourable expenditures resulted from timing of bank charges, unbudgeted interest expense on tax prepayment, and temporary variance from inventory adjustment.
- 28 Grants in Aid YTD expenditures are favourable to budget due to timing of grant payments. Forecast to be unfavourable due to unbudgeted grant to the Royal Canadian Legion to cover outstanding taxes, and this will be included in the budget amendment.
- 29 Election Election expenditures are accrued each year, unspent funds will be transferred to the Election Reserve in nonelection years.
- 30 **Business Improvement Area Levy** The BIA has been levied and the payments to the Ambleside Dundarave Business Improvement Association are completed.

<sup>&</sup>lt;sup>1</sup> YTD revenue is favourable due to higher than predicted water consumption. Revenue is anticipated to increase in the third quarter with the expectation of being close to budget at the year end.

<sup>&</sup>lt;sup>2</sup> YTD revenue is under budget due to the difference between hourly charge out rates for utility vehicles and the cost of maintenance. Charge out rates and their associated expenses will be reviewed.

<sup>&</sup>lt;sup>3</sup> YTD revenue is unfavourable due to less than expected requests received to perform special meter reads.

<sup>&</sup>lt;sup>4</sup> Transfers from Reserve Fund are budgeted for approved capital projects, the actual transfer will be reviewed and reconciled at year end.

<sup>&</sup>lt;sup>5</sup> Time difference in water billing from Metro Vancouver resulting in a favourable variance.

<sup>&</sup>lt;sup>6</sup> Operations expenditures are trending favourable due to seasonal fluctuations.

<sup>&</sup>lt;sup>7</sup> Capital program expenditures accelerated in Q2, and will continue in the next half year, forecast to be on track at the year end.

<sup>&</sup>lt;sup>1</sup> Various factors (e.g. historical consumption, payments pattern, rates and discounts etc.) are built into the modelled estimation in order to calculate the annual and spread budget. Due to the complexity involved in evaluating the factor, it appears that the revenue forecast model may need to be adjusted. Third quarter results are needed in order to confirm that adjustment is required. Revenue is anticipated to increase in the third quarter, however forecast to be unfavourable to budget at the year end.

<sup>&</sup>lt;sup>2</sup> YTD revenue is under budget due to the difference between hourly charge out rates for utility vehicles and the cost of maintenance. Charge out rates and associated expenses will be reviewed.

<sup>1</sup> Golf revenues are higher than same period last year and budget due to favourable weather. Forecast to be favourable at the year end.

<sup>&</sup>lt;sup>2</sup> Expenditures are unfavourable due to higher water usage, cleaning costs and additional costs associated with emergent fencing issues. Unfavourable expenditures are projected to be offset by favourable revenue at the year end.

<sup>&</sup>lt;sup>1</sup> The favourable variance is due to higher level of interment and demand for grave spaces at the beginning of the year. Currently rights of interment for full burial grave spaces are only being sold "at need" with no presales, as a result, revenue is forecasted to be unfavourable to budget at the year end. Once the current phase of development has been completed, pre-sales will again be allowed, and revenue is expected to grow in subsequent years.

<sup>&</sup>lt;sup>2</sup> YTD expenditure is unfavourable due to higher cost associated with higher level of interments. Forecast to be on budget at the year end.

There have been vacancies and delays in hiring due to difficulties attracting qualified candidates with specialized technical skills to work in West Vancouver. As a result, salary expense is favourable. However, it is partially offset by vacancy adjustment and overtime cost.

Staff worked additional hours to cover for the vacancies, address backlog of work, meet required service level and respond to extraordinary events related to weather and IT infrastructure

Engineering & Transportation and Parks, Culture & Community Services incurred considerable overtime to provide winter maintenance, some of which is recoverable from third parties.

In addition, the overtime in Parks, Culture and Community Services is related to statutory pay which is required for providing services seven days a week, including service provided for filming and special events.

A large portion of the overtime incurred in Police Services is related to integrated teams/special duties and is recoverable. Salary and overtime expenditures for seconded and assigned staff are also recoverable.

A portion of the overtime in Fire & Rescue Services is incurred for training purposes which includes recruitment. Training overtime is significantly lower than anticipated due to staff change in the division, resulting in a favourable variance.

#### **Comparison to Benchmarks**

The benchmarks, defined in the District's Cash Management and Investment Guidelines 04-30-371, are set on the basis of MFA funds' performance objectives as follows:

- Short term (working capital) investments: performance objective (based on MFA Money Market Fund) = FTSE TMX Canada 30-Day Treasury Bill Index + 15 basis points, net of all expenses
  - Q2 Benchmark = 0.38 %<sup>2</sup> + 15 basis points = 0.53%
  - o Q2 Actual (all short term investments) = 0.34%<sup>3</sup>

Short term investments are held primarily at the BMO High Interest Treasury account with the annual return rate of 2.6% per year = 0.65% per quarter, which exceeds the MFA benchmark.

Calculated actual return shows lower rate because it's based on the average account balance (opening balance + end balance / 2) and doesn't take into account the timing of investments within a quarter.

<sup>&</sup>lt;sup>1</sup> Calculated based on average account balances. Includes unearned interest for accounts with the maturity date outside of the current time period, based on the interest rate and the time of the report.

<sup>&</sup>lt;sup>2</sup> 3 months non-annualized, as per MFA Pooled Investment Results report (June 30)

<sup>&</sup>lt;sup>3</sup> Based on average across all short term investments

Most Q2 revenues are driven by tax payments, which only become available and are invested in late June, which results in a temporary spike in the average account balance. More than 50% of the tax collected by the District is remitted to the Province and other government agencies within 1 month of collection. This is an annual occurrence, and the District's short term investment strategy reflects this cycle.

#### Long term investments:

- MFA Bond Fund: performance objective = FTSE TMX Canada Short Term Bond Index + 40 basis points, net of all expenses
  - Q2 Benchmark = %0.87<sup>4</sup> + 40 basis points = 1.27%
  - Q2 Actual = NA (no investments)
- MFA Intermediate Fund: performance objective = FTSE TMX 365-Day Treasury Bill Index + 30 basis points, net of all expenses
  - Q2 Benchmark = 0.39%<sup>5</sup> + 30 basis points = 0.69%
  - Q2 Actual (MFA Intermediate Fund) = 0.54%<sup>6</sup>
- Benchmark missed by 15 basis points due to the performance of the MFA Intermediate Fund. The performance gap doesn't have significant impact on the investment portfolio due to low account balance – the Intermediate Fund investment is \$28K

#### Market trends

The analysis of Q2 market trends and forward looking investment strategies for the period from April 1, 2019 to June 30, 2019 is presented in the monthly MFA reports, available online at: <a href="https://mfa.bc.ca/sites/default/files/Pooled%20Investments/06-2019">https://mfa.bc.ca/sites/default/files/Pooled%20Investments/06-2019</a> ph n monthly reporting.pdf

<sup>&</sup>lt;sup>1</sup> The Capital Facilities Reserve is to be used for creation and maintenance of Facilities (ex. roofing, flooring, HVAC systems, windows, plumbing, building maintenance) to deliver municipal services; planning works for designing or enhancing District owned/occupied buildings; and acquisition of land and improvements for use in delivering services in the District.

<sup>&</sup>lt;sup>2</sup> The Capital Infrastructure Reserve is to be used for land improvements (ex. athletic fields, tennis courts, playgrounds), marine structures (ex. piers, sea walks, floats, foreshore works) and civic works (ex. roads, bridges, trails, lighting, cycling infrastructure) to deliver municipal services in the District.

<sup>&</sup>lt;sup>3</sup> The Capital Equipment Reserve is to be used for heavy equipment (ex. fire trucks, dump tracks, tractors, excavators), fleet vehicles (ex. police vehicles, shuttle buses, service vans), general equipment and information technology and communications equipment.

<sup>&</sup>lt;sup>4</sup> The Operational Reserve is to be used for items that may not be capital in nature but still require replacement on a periodic basis (ex. fire hoses). The threshold

<sup>&</sup>lt;sup>5</sup> value for the Endowment Fund has been fixed by Council at \$18m.

<sup>&</sup>lt;sup>6</sup> The restricted portion of the Amenity Contribution Fund is related to McGavin Field, Evelyn Drive and Horseshoe Bay (Sewell's Development).

<sup>&</sup>lt;sup>7</sup> Unused portion of Municipal Hall project loan.

<sup>&</sup>lt;sup>8</sup> The threshold value for the Youth Activity Reserve is updated each year by CPI. <sup>9</sup> Interest is paid on these accounts at year end.
